- S[žŧ Žŧ ; EVXQVIERXW

Members of the Dubuque Fly Fishers joined with Pheasants Forever and several local businesses at the Isaac Walton facility to promote BOW (Becoming Outdoor Women). He also demonstrated how to tie a wet fly. The program was organized by Jenny Ammon who is the naturalist at Swiss Valley. After a start 3 years ago with only 10 participants, the programs has grown to 40 staff and women. I happily announced that this was the most successful BOW opportunity she has done. DFF has participated and she is able to double haul.
